PRODUCT DESCRIPTION

2 / 6

Extensively protected
even with changeable requirements

Alcoholic hand disinfectant to be rubbed into the skin. **ASEPTOMAN MED** is especially gentle to the skin due to its low alcohol content, yet it still has a broad efficacy spectrum and is therefore the ideal product for the daily routine.

ASEPTOMAN MED is noro-, rota- and adenovirus effective within the requirements of hygienic hand disinfection. **ASEPTOMAN MED** fulfils the requirements for hand disinfection during noro-, rota- and adenovirus outbreaks. It is perfume-free and free from cumulative long-term agents, which can accumulate on the skin and cause irritations. Additionally, **ASEPTOMAN MED** contains valuable re-fattening and caring ingredients to prevent drying out of the skin.

ASEPTOMAN MED is free from QAV/Quats, dyes and perfume and meets the high requirements for use in the food sector within the framework of an HACCP concept.
